NEW HAVEN'S RECORD WORST IN HISTORY OF RAILROADING; NEARLY \$90,000,000 WASTED

Commerce Board, in Scathing Report, Tells Senate Directors Should Be Punished Criminally for Plundering of Stockholders.

SUMMARY OF THE LOSSES SUFFERED BY THE NEW HAVEN STOCKHOLDERS

Summarizing the losses of the New Haven stockholders through the plundering of the road, the Interstate Commerce Commission in its report to the Senate says:

"In attempting to estimate the losses of the New Haven stockholders the three large items of loss which we are confronted are those arising out of the acquisition of the Boston and Maine stock, the New York, Westchester and Boston stock and the Rhode Island trolleys.

"A summary of the losses is as follows:

- Boston and Maine, \$23,223,725.63.
- New York, Westchester and Boston, \$11,457,156.09.
- Hartford and Worcester Street Railway, \$73,394.37.
- Springfield Railway Companies, \$203,221.15.
- Worcester Consolidated Street Railway, \$10,500.
- Worcester and Southbridge Street Railway, \$15,580.
- Connecticut Company, \$12,535,386.01.
- Rhode Island Company, \$18,352,336.41.
- Total, \$65,871,299.61.

"There was a loss in the recent sale of the New Haven interests in the Merchants and Miners' Steamship Company of \$2,584,500.

"From all of the foregoing and from a careful consideration of the method in which expenditures not specified herein have been made, it is submitted that a reasonable estimate of the loss to the New York, New Haven and Hartford Railroad Company by reason of waste and mismanagement will amount to between \$60,000,000 and \$90,000,000."

WASHINGTON, July 13.—"Criminal negligence" and "one of the most glaring instances of maladministration revealed in all the history of American railroading," were the terms the Interstate Commerce Commission employed today in reporting to the Senate on its investigation of New Haven Railroad financial affairs.

The Commission's conclusion may be summed up this way: Losses to New Haven stockholders for the acts of their directors will range from \$60,000,000 to \$90,000,000. Suits to recover the money should lie in some cases.

Many of the transactions, characterized as violations of the laws of New York, Rhode Island and Massachusetts and the Federal anti-trust laws, have been reported to the authorities of the States and the Federal Department of Justice.

"The depreciation of the Boston and Maine began when the 'Mellen-Morgan' 'skeffeler management' came into control.

John L. Billard and the Billard Company were merely agencies of the New Haven; Billard never used a dollar of his own money and burned his books and papers. It was not the understanding of the New Haven board that he should take profits of more than \$2,000,000.

"All the assets of the Billard Company belong to New Haven stock-

POLO GROUNDS, NEW YORK, July 13.—After the Highlanders had made a tough fight against Ed Walsh for seven innings, Ray Keating unhooked a wild pitch and Peckinpaugh followed it up with an accurate fumble, giving the White Sox two runs and the game. But for these costly misplays, which came at the most inopportune moment, it was one of the best played games of the year. Keating pitched excellent ball, but was responsible for his own downfall by the one wild pitch.

YACHT RACE CALLED OFF, TIME LIMIT EXPIRING

NEWPORT, R. I., July 13.—The yacht race between Resolute, Vanitie and Defiance, cup candidates, was called off this evening on the time limit. The three sloops had been drifting all afternoon, without a wind. Resolute, in the lead, had got only as far as the second mark at 5:30.

Westinghouse Workers Back. PITTSBURGH, July 13.—The strike in the Westinghouse factories was formally ended today when approximately 8,000 men and women returned to the shops. All plants closed on full time and all of the strikers were taken back with the exception of two or three hundred, whose places had been filled by imported workmen during the strike.

DR. CARMAN KNOWS ALL ABOUT MURDER, POLICE NOW CHARGE

Insist That He Is Fully Acquainted With Circumstances Connected With Mrs. Bailey's Death and Could Tell Where Revolver Is.

MRS. CARMAN WILL TELL STORY TO GRAND JURY

Prosecutor Has Evidence That the Physician Had Known Mrs. Bailey for Months Before the Tragedy.

Evidence that Dr. Edwin Carman was well acquainted with Mrs. Louise Bailey for months before Mrs. Bailey was shot and killed in his office has been obtained by Assistant District-Attorney Weeks of Nassau County. This evidence will be produced before the Grand Jury in Mineola to-morrow to refute Dr. Carman's sworn assertion that he did not recall having ever met Mrs. Bailey before she called at his office and had to call in a neighbor to have her identified after her death.

The Nassau County authorities have reached the stage when they not only accuse Mrs. Carman of shooting Mrs. Bailey, but they accuse her husband of being fully conversant with all the facts attending the crime. They say openly that Dr. Carman knows what became of the revolver used by the assassin.

ASKS INQUIRY ON WARBURG.

Senator Poindexter Wants to Know of His Railroad Connections.

WASHINGTON, July 13.—A resolution suggesting investigation by the Interstate Commerce Commission of the connection of Paul M. Warburg and the banking firm of Kuhn, Loeb & Co., of which he is a member, with the financial history of the Chicago and Rock Island Railroad was introduced in the Senate this afternoon by Senator Poindexter of Washington.

Yielding to the demand of Mrs. Carman that she be allowed to tell the Grand Jury her story of what she knows of the murder of Mrs. Bailey, District-Attorney Smith this afternoon agreed to recommend to the jury that the prisoner be allowed to testify. But he specified that she must waive immunity.

Mrs. Carman's lawyer, George Levy, called on her in the Mineola jail this morning. Although Mr. Levy has been talking about taking his client before the Grand Jury and letting her free herself by her own statements, he was not so confident about such a course when Mrs. Carman broached the idea. He advised her that it would be best to let the law move along in its regular channels.

MRS. CARMAN INSISTS ON TELLING HER STORY.

Mrs. Carman insisted that she be permitted to talk to the Grand Jury. She said she thought it was her right. Finally Mr. Levy went to District-Attorney Smith and told him that Mrs. Carman wanted to go before the Grand Jury as a matter of right.

"I have no objections," said the District-Attorney, "but before going into the Grand Jury room she must sign an immunity waiver."

Mr. Levy carried the news back to Mrs. Carman. She said she would sign the waiver. It is expected that if the programme is carried out she will be called on Thursday.

Dr. Carman is to be the star witness to-morrow—not that he is the State's witness, but because the State hopes to refute many of his statements regarding the tragedy.

It is now recalled that about 11 o'clock on the night of the tragedy, at about the time when the constables brought on the scene a pack of futile bloodhounds, Dr. Carman quietly disappeared. The Coroner, the Sheriff, the Chief of Police, the policeman and everybody else were interested in the bloodhounds. Nobody paid any particular attention to Dr. Carman, who seized on the occasion to attend to his own business.

TOOK LATE NIGHT RIDE ALONE IN HIS AUTO.

At about 11 o'clock he rode away from his home, alone in his motor car. He did not return until mid-
